Office Action Summary

Art Unit 1754

Claims 1-46 and 48 are rejected under 35 U.S.C. § 103(a) as being unpatentable over Murakami et al. in view of Soviet 345,098, further in view of Bold et al., for the reasons given in the last Office action. Applicant's argument, that the anhydrite of murakami et al. will be of the insoluble "dead-burnt" type and will not be synthetically formed, is not convincing, since there is no evidence on record to support such contention. Applicant is invited to submit a certified English translation of Murakami et al. so that it can be determined exactly what Murakami et al. shows or does not show. In any event, there is no evidence on record showing that a synthetically formed anhydrite would be more suitable for forming a surgical grade calcium sulfate than would an anhydrite formed from natural sources. Applicant's argument, that the process of Soviet 345,098 would result in impurities from the use of the high concentration of salt, and that this reference teaches stirring the solution, is not convincing, since applicant's claims do not exclude using a high concentration of salt and stirring the solution.

Claims 1-35, 42-46 and 48 are rejected under 35 U.S.C. § 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. There is no "description support" for

Art Unit 1754

carrying out the immersion in "an aqueous environment" (as opposed to "water or an aqueous solution", as disclosed in the fourth paragraph on page 3 of the specification).

Applicant's amendment necessitated the new grounds of rejection. Accordingly, **THIS ACTION IS MADE FINAL**. See M.P.E.P. § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 C.F.R. § 1.136(a).

A SHORTENED STATUTORY PERIOD FOR RESPONSE TO THIS FINAL ACTION IS SET TO EXPIRE THREE MONTHS FROM THE DATE OF THIS ACTION. IN THE EVENT A FIRST RESPONSE IS FILED WITHIN TWO MONTHS OF THE MAILING DATE OF THIS FINAL ACTION AND THE ADVISORY ACTION IS NOT MAILED UNTIL AFTER THE END OF THE THREE-MONTH SHORTENED STATUTORY PERIOD, THEN THE SHORTENED STATUTORY PERIOD WILL EXPIRE ON THE DATE THE ADVISORY ACTION IS MAILED, AND ANY EXTENSION FEE PURSUANT TO 37 C.F.R. § 1.136(a) WILL BE CALCULATED FROM THE MAILING DATE OF THE ADVISORY ACTION. IN NO EVENT WILL THE STATUTORY PERIOD FOR RESPONSE EXPIRE LATER THAN SIX MONTHS FROM THE DATE OF THIS FINAL ACTION.
